melody

When you breathe out, I reach for cour - age.

opt.drone Oh... Oh...

9

When you breathe in, I gath - er pa - tience. Your

Oh... Oh...

16

jour - ney will be - gin when you are rea - dy. Your jour - ney

Oh... Oh...

23

is your own. Some - day I'll fol - low.

fol - low.

Songwriter's Note: Singers who want to provide a drone foundation for the melody should breathe whenever they need a breath, but preferably not between phrases of the melody and not exactly when other drone providers are breathing (i.e. with "staggered" breathing). If the melody is repeated, drone providers can play with singing the word "follow" at random times.
